We bring the Gemstone in Form

The company Herbert Crummenauer has been known as a reliable partner in the fascinating world of gemstones for over 140 years.

As a wholesaler and retail trader in Europe and abroad we work with a variety of rough material, such as Agate, Crystal, Jaspis, Sodalite, Lapis Lazuli.....and many more. Our small but efficient team of highly qualified specialists produces series as well as individual customer requests.

A combination of craftsmanship and the most modern technology enables us to cut all classic forms as well as modern shapes. We enjoy the challenge in even the most complicated cut.

An absolute special feature is the production of Agate Cameo Stones with 2 and 3 layers, whereas, the highlight is the 3-layer Cameo Stone with three different colors.

We, ourselves choose the rough material in the mines of Brazil.

If you would like to take a closer look at our company and our product range, we would be happy to send you our catalogue, or you are most welcome to visit us on the Internet at www.crummenauer-cameostones.de
